

LOST DOG -Yellow Lab Mix

“Amy” – a rescue dog lost in the snow storm late Sunday night, 1/9/2011. Please help us find her & read her story below. Call Laura, owner of Wescott Acres Pet Rescue, at 803-315-2021 ASAP if you see her.

Last Sunday night, just as the snow began, a rescued yellow lab was frightened when the person walking her slipped on the snow and fell. The leash dropped, and she ran. Amy was being fostered by a family in The Villages of White Knoll in Red Bank. She had been with them only one day.

Amy is gentle and sweet, and very shy.

Wescott Acres Pet Rescue is desperately looking for her all day every day! We are walking the streets, in the woods, calling her and posting signs. Amy's life is in danger in this cold weather! We need your help!

Please send this flyer to everyone you know who loves pets!
